- Physically or verbally engaging in any negative manner towards club staff.
- Attempting to interact negatively with other children/parents including attempts to address behavioral concerns involving another child.
- Refusing to adhere to organizational policy and procedure.
- Entering any organization facility under the influence of drugs or alcohol.
- Smoking or utilization of tobacco products on organization property.
- Habitually arriving late to pick up a child(ren).
- Failure to comply with organization fee collection policy.

Please note that the Boys & Girls Clubs of Palm Beach County reserves the right to terminate any membership based on the behavior of the parent/guardian. Negative behavior by a parent/guardian will be viewed as a serious violation of organizational policies and will be addressed immediately with consequences up to and including suspension or termination of membership. In the instance of a membership termination due to parent/guardian behavior, a refund will not be issued.

BEHAVIOR GUIDELINES

Every Club member is responsible for his/her own actions. The Club has three basic codes of conduct that every member must follow. These three codes will help to ensure the safety of all members and will contribute to creating a fun, positive and memorable experience at the Club.

The three rules are as follow:

- Respect yourself and other members.
- Respect all staff and volunteers.
- Respect all Club property and equipment.

The following are strictly prohibited:

- Swearing
- Verbal abuse
- Inappropriate and/or sexual physical contact
- Fighting or any other form of physical abuse
- Use or possession of controlled substances, or any tobacco product.
- Weapons on premises
- Bullying or cyber bullying

All Club members are expected to abide by the rules and regulations in relation to dress, manners, sportsmanship, respect, and cooperation. Failure to adhere to such rules will result in disciplinary action. The Club has established rules and regulations for the convenience and protection of all its Club members and staff. A violation of any of the rules/regulations is considered misconduct and appropriate disciplinary action will be initiated. Negative behavior among Club members prevents the Club from providing activities that are engaging, fun and foster positive moral values.

Parents will be notified of these instances when a violation of the rules has occurred. Club staff will endeavor to rectify such problems, but cooperation on the part of the Club member and the parent/stepparent/guardian is a necessity.

Our basic goal is youth development, and our goal can be reached through the willingness of all parties to render their assistance.

The disciplinary step system and suspension protocol is enforced by Club Leadership under the direction of the CCOO.

Disciplinary Step System

Redirection

- Redirection is intervening before an unwanted behavior occurs. Some forms of redirection are offering alternative choices to behavior and positive reinforcement for wanted behavior. When behavior is unacceptable, staff will explain clearly to the child what is expected. Children will be reminded that we are working toward a RESPECTFUL, RESPONSIBLE, CARING, and HONEST atmosphere. The child's self-esteem is the primary concern when a child needs to be redirected.

Verbal Warning

- Youth showing inappropriate behavior, language, gestures, or hygiene will be given a verbal warning by the staff after each incident. Failure to adhere to the first verbal warning will lead to additional consequences. Staff will only issue a verbal warning once before moving forward with additional disciplinary actions.

Cool Off Period / Reflection Time

- Club members who have been given a verbal warning but fail to adhere to the instruction given by staff will then be given a COOL OFF period or a time to reflect on their actions.

Time Out in Designated Area Outside of Normal Programming

- If a member continues to violate rules within a programming area, they will be sent out of the area and placed in time out in an area designated for this purpose. This time out may not last longer than the duration of one rotation period. Upon the implementation of this step, a member behavior report will be filled out by staff and must be presented to and signed by the parent/guardian.

Sent Home for the Day

- After a member receives two write-ups or more than one out of area time out in one day, the parent will be called, and that member will be sent home for the day. Additional days of suspension can be implemented at the discretion of the Executive Club Director if warranted by the member's behavior.

*Any Club member suspended from the Club will be required to have a parent/stepparent/guardian meet with the Executive Club Director prior to being readmitted to the Club.

Suspension (indefinite)

Increased Levels of Suspension/Membership Termination

- If a member's behavior warrants additional suspensions, the amount of time will continue to increase at the Clubs Leadership Team discretion. Multiple suspensions for behavioral problems and/or incidents may result in termination of membership. Please be advised that suspensions / membership terminations apply to all Boys & Girls of Palm Beach County locations.

The Boys & Girls Clubs of Palm Beach County reserves the right to suspend or expel any club member at any given moment. This policy is at the total discretion of the Boys & Girls Clubs of Palm Beach County. The Parent or guardian will be notified if his/her child(ren) is suspended or expelled from the club.

When a member is suspended/expelled from their home club, they are suspended from ALL clubs at the Boys & Girls Clubs of Palm Beach County.

There will be NO refunds for any fees, including field trips, for a Club member that is suspended.

Extreme discipline methods are prohibited. Examples of extreme discipline methods would include:

1. Corporal punishment.
2. Aversive stimuli
3. Withholding nutrition or hydration.
4. Inflicting physical or psychological pain.
5. Demeaning, shaming, or degrading language or activities.

21ST CENTURY COMMUNITY LEARNING CENTERS

The 21st Century Community Learning Centers (21st CCLC) is a federally funded program provided at twelve of our Boys & Girls of Palm Beach County (BGCPBC) Clubs sites. The 21st CCLC runs during the critical after school hours and focuses on improving and reinforcing students' academic and personal achievement in a fun and positive manner. 21st CCLC also runs during the summer, a time when many students would otherwise be without supervision.

The program offers a broad array of services including academic enrichment, personal enrichment, and family involvement. The core areas include reading/language arts, science, math, character development, sports, health and fitness, technology, and the arts.

C.A.R.E.S PROGRAM

Academics & Enrichment

Project Based Learning (PBL)

During the program cycle, your student will be involved in Project Based Learning activities. Project Based Learning engages student interest and motivation. All activities are designed to answer a question or solve a problem. Students create PBL's based on their interest, with an expectation to share information in a variety of ways including showcases, videos, presentations, publications, and a host of other mediums.

Generally, the PBL will reflect the types of learning and work people do in the everyday world outside the classroom. PBL opens the door to the "Four C's" Critical Thinking, Creativity, Collaboration, and Communication. Although Project Based Learning involves groups of students working together toward a common goal, performance is assessed on an individual basis.

The success of our participants is evaluated through a variety of measures including performance assessments, standardized test scores, and report card grades. Statistically speaking, participants of the 21st CCLC program will maintain or improve their reading, math, and science grades, as well as their Florida Standard Assessment (FSA) and End of course exams. Attendance records also improve, as well as the general attitude toward schooling and their education.

Homework Help

Daily homework help provides a time each day for students to complete homework assignments. Staff are available to assist students with homework. During homework help, members who have completed their homework can use Palm Beach County School District's i-Ready online program or select a book for silent reading.

Science, Technology, Engineering, Math (STEM)

STEM programs introduce scientific principles and related careers involving science, technology, engineering, and math. During STEM programs, students can code robots, code online video games, conduct experiments and participate in programs developed by NASA.

Cultural Arts

Cultural arts programs provide instruction and appreciation in visual and performing arts. Instruction is provided through professional artists, community partners and museum tours. Students with a passion for dance can participate in West African dance, ballroom dance and STEP. Students with a passion for music and the recording arts can learn hip hop history, lyrical content creation, sound design and music production. Students with a passion for photography can learn fine art photography techniques with guidance.

Health & Wellness

Health and wellness programs build the skills, attitudes, knowledge, and behaviors essential to an overall healthy lifestyle. Health and wellness programs use a variety of targeted education to promote healthy eating, physical activity and relationship building. Students can also participate in organized individual and team sports, and gardening activities.

Character Education & College and Career Readiness

Character Education and College and Career Readiness programs increase persistence and progression in school, consistent attendance, reduction in disciplinary actions and increased connection to staff, school, and peers. BGCPBC offers programs for students which develop student voice and choice, prevent violence, promote a positive self-image and acceptance, celebrate differences and compassion, make responsible choices, and explore and gain interest in careers and higher education opportunities.

Social & Emotional Learning (SEL)

BGCPBC's 21st CCLC staff incorporate grade appropriate SEL activities into all activities to help students become more self-aware. Self-awareness includes identifying emotions, accurate self-perception, recognizing strengths, self-efficacy, and self-confidence.

Program Effectiveness

Through the 21st CCLC program, the Boys & Girls Clubs have established a tremendous working relationship with our school district, local principals, and numerous teachers. These partnerships enable the BGCPBC to provide club members with an individualized and highly successful program utilizing the skills of certified teachers to help achieve academic success. Our interagency agreement with the county's school board allows sharing of all evaluation data including grades, FSA scores, behavior, and attendance records. This communication stream permits the regular school day and 21st CCLC teachers to monitor participating youth's progress and accumulates appropriate statewide evaluation data.

Staff

The 21st CCLC program staff includes Certified Teachers, Enrichment Instructors, a Site Coordinator, and a Family Services Coordinator. All 21st CCLC staff must have background checks and drug screenings before hiring. The ratio for our 21st CCLC program can vary from 1:10 to 1:15 staff to students, depending on the location of the program. Please contact your Family Services Coordinator or Site Coordinator for the ratio at your club.

Advisory Board

The 21st CCLC Advisory Board is comprised of teachers, students, parents, and community partners. This board meets twice each year to review the program's evaluations, programs taking place at the Club, progress of 21st CCLC and the needs of the students and community. Parents and students are encouraged to participate in these meetings.

Program Policies & Procedures

All participants must have a completed Boys & Girls Clubs enrollment packet to attend the program. Club policies and procedures listed in the Boys & Girls Clubs Parent Handbook are located at the front desk of each Club. All Club members are expected to abide by the rules and regulations found in the

- Support on-time grade progression and high school graduation.
- Increase parent/guardian involvement.
- Support academic achievement.
- Increase college and career awareness and readiness.
- Engage students in service-learning.
- Support local workforce development efforts.
- Improve students' safe and supportive relationships.

Program Offerings

English Language Arts

ELA programs incorporate a variety of strategies with a focus on communication. Students participate in activities to develop their critical thinking as well as their use of language formally and in everyday communication: reading, listening, speaking, and writing. Our activities stress the fundamental skills and concepts that will help students obtain proficiency in written and spoken expression. A variety of activities, ranging from creative writing, reading, drama, and public speaking, allows students to become better communicators. Great Futures offers workshops and activities to prepare students for the reading and writing portions of the ACT/SAT.

Mathematics

Math programs build skills in problem analysis and problem solving, reasoning abstractly, constructing arguments, making models, recognizing patterns, and applying math to real life examples. The activities expand on core content and curriculum and specifically support students in Algebra 1, Geometry, and Algebra 2. A variety of project-based learning activities are utilized to boost math achievement. Great Futures offers workshops and activities to prepare students for the mathematics portion of the ACT/SAT.

Science, Technology, Engineering, Math (STEM)

STEM programs introduce scientific principles and related careers involving science (especially biology), technology, engineering, and math. During STEM programs, students can explore coding online video games and conduct experiments. Activities expand on school day content and curriculum. Great Futures expands, collaborates with, and supports the schools' ACT/SAT prep programs.

College/Career Awareness and Readiness

College and career awareness and readiness programs help all students identify career interests and goals and explore post-secondary education options that suit their needs best. Great Futures staff supports students in navigating the US higher education system, applying for scholarships, and submitting competitive applications to degree-granting institutions and training programs. The program also prepares students with essential life skills and develops workforce capabilities. Great Futures college and career programs are inclusive of all students, especially those who are first generation, low-income or at-risk.

Social & Emotional Learning (SEL)

Great Futures staff incorporate activities to help students develop competencies in self-awareness, self-management, social awareness, relationship skills, and responsible decision making. All activities are designed to promote life-long learning, foster a growth-mindset, deepen our members' commitment to themselves and increase a desire to create a healthy, positive plan. SEL components are embedded within all Great Futures curricula.

Service Learning

Great Futures encourages students to both lead and engage in community service. Staff frequently organize community service projects to connect student learning in the classroom with real-world experiences in the community. Students are given opportunities to identify problems in their communities and organize their own service projects to address those needs. Students develop critical competencies in collaboration, reflection, empathy, service, and trustworthiness.

Art, Health, Sports, and Personal Enrichment

Great Futures focuses on holistic development of students through various enrichment activities. Offerings include, but are not limited to, photography, digital media, fiber optics, health and wellness, fitness, leadership skills, and developing positive relationships with peers and adults. The Great Futures 21st CCLC program also promotes ongoing school club and athletic program participation, encouraging school community engagement and equity.

Program Effectiveness

Staff

The Great Futures staff includes a full-time Club Director per school, a Project Director, and Program Director. All 21st CCLC staff undergo a thorough Level I background check required by the school district, a Level II background check required by BGCPBC, and drug screening, before hiring. The teacher to student ratio for our program varies from 1:15 to 1:20. Great Futures staff maintain strong working relationships with the school's administration to ensure a successful partnership that prioritizes students' needs.

Teachers

Many Great Futures teachers also serve as day-school teachers at each of their respective sites. All core subject 21st CCLC teachers are FDOE certified in their content area. Additionally, The Great Futures staff provides ongoing professional development for its teachers. Utilizing teachers that work with students both during the school day and after school allows our program to be aware of

what students are working on, how it is connected to core content area classroom instruction, and how the students' learning is accelerating.

Advisory Board

The Great Futures 21st CCLC Advisory Board is comprised of teachers, students, parents, and community partners. This board meets twice each year to review which activities and events take place in the program, how Great Futures is demonstrating student improvement, and what are the current needs of the students and school community. Parents and students are encouraged to participate in these meetings. If you are interested in serving on our advisory board, please contact your Club Director.

Great Futures is committed to diversity, inclusion, justice, and equity and strives to meet the needs of any student that enters the program. Students are required to participate in the program during the dedicated hours to receive the complete benefits of the program. While we highly encourage daily participation (Monday through Thursday), a minimum attendance of two days per week is requested for the program to demonstrate large positive effects on academic achievement. Student attendance is important in achieving our shared goals for each member.

For specific programming hours at your 21st CCLC site, please contact your Club Director or visit the website (www.bgcpbc.org/greatfutures).

Program Policies & Procedures

All participants must have a completed Boys & Girls Clubs enrollment form to attend the program. Participants can sign up here:

https://bgcpalmbeachctymch.my.site.com/portal/s/login-home?language=en_US

All participants are expected to abide by the rules and regulations posted at our site in our program areas. Failure to adhere to such rules will result in corrective action. The club has established rules and regulations for the safety, convenience, and protection of all its club members and staff.

Attendance

Students must attend their school day classes to participate in the program. Great Futures staff communicates with school faculty daily to monitor attendance. If any student attends after school but is found to not have been present in school day classes, he or she will be asked to return home.

Sign-in / out for Student Attendance

Each member is required to always carry his/her District ID card while on site. Members must scan their ID cards when they arrive utilizing the EZReports system Student Kiosk. At the entrance of the Great Futures hallway, a designated 21st CCLC staff member will monitor as members arrive and scan into

their first session. Each time a member begins a new session, he/she will scan into the session using the Student Kiosk displayed in EZReports. When a session is complete, the member will utilize the same system to scan out of the session for tracking and safety purposes. Should an ID card not be available, the member's attendance will be entered manually by a staff member for that day. In all cases, the Club Director or his or her designator will ensure the actual, or real time, of each member's daily arrival and dismissal for each session. The Club Director is responsible for certifying attendance for each member and will submit the verification each month using the EZReports system.

Dismissal

Students are required to communicate with their Club Director about how they will be returning home. Only authorized persons, as designated in the Pickup Authorization Form, can pick up a participant. For safety reasons, calls from parents/guardians are not adequate. Authorized persons must be of 18 years of age or older and have a photo I.D. card to show daily to the 21st CCLC staff to release a participant. Unless there is a specific State of Florida (any other state is not valid) custody order on file with the site, a participant may be released to a non- custodial parent if they are on the participant's Pick-Up Authorization form. The site will not release a child to an unauthorized individual.
